

### Listing of Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A damper assembly of a glove box, comprising:

a fixing member formed of a plastic material and fixed to the rear part of the glove box by screws, the fixing member having a fitting protrusion formed ~~integrally~~ unitarily and in one piece with the fixing member at one side thereof of the fixing member; and

a damper having a fitting piece ~~formed at~~ extending from one exterior side thereof, the fitting protrusion being fitted in the fitting piece of the damper so that the damper is fixed to the fixing member.

2. (Previously Presented) The assembly as set forth in claim 1, wherein the damper is made of a plastic material.

3. (Currently Amended) The assembly as set forth in claim 1, further comprising:

an opening in the fitting piece of the damper,

wherein the fitting protrusion has a substantially conical shape, a narrow end of which is insertable into the fitting piece of the damper, and

wherein the fitting protrusion has a broad end which prevents the fitting protrusion from disengaging the fitting piece of the damper after the fitting protrusion is inserted into the fitting piece such that the broad end passes completely through the opening of the fitting piece of the damper.
